Welcome Evening Success

Last Thursday, we invited Year 6 parents & students to join us for a Welcome Evening. This was an opportunity for us to share with them some pastoral information and also for them to find out more about the Year 7 curriculum.

Each department had it's own stand in the "Curriculum Marketplace". Displays showcased work samples and elements of the curriculum topics that our new students will be covering in their first year at Poltair.

Our teaching staff were very ably assisted by some fantastic student ambassadors, well done to them!

Year 8 shake the earth with amazing hazard resistant designs!

Some of our Year 8 pupils have been hard at work during their Geography lessons, learning about hazard resistant design and how to design buildings to withstand an earthquake.

They carried out research before considering the financial limitations that different countries would face. Finally, they designed a building that they felt best represented the latest design features for withstanding hazards.

Many of the designs were creative, well researched and explained. Two exceptional pieces of work came from Willow and Luke whose design portfolio and model were truly fantastic! They both received a book, chosen for them, in recognition of such commitment to learning.

Well done!
