Dear Parent/Carer

Re: Sparx Maths

We are pleased to inform you that your child will be using Sparx Maths to complete their weekly maths homework this year.

Sparx Maths is a sophisticated homework programme which creates homework tasks that are highly personalised to each student. It has been proven to have a positive impact on student progress and we are excited to now be able to offer this to our students. The link below will provide you with a quick introduction to the programme.

 [Parent video v2.mp4](#)

We will be using the next few weeks for a soft launch, allowing students to get a better understanding of the new system, whilst offering opportunities for them to earn merits through engagement with Sparx.

I have provided for you below, some key information:

- Homework will be set every Tuesday at 2:30pm
- Homework is due to be completed by 7:00am the following Tuesday
- Sparx support sessions will be held for students in classroom W4 during second break on Mondays, Tuesdays and Thursdays.
- Student login details: click "sign in with Microsoft" and use school credentials.

Further communication will follow over the coming weeks with more details of how Sparx works, however, in the meantime, please can I thank you for your support in encouraging your child to engage with Sparx Maths.

Yours sincerely

Miss D Roberts  
Head of Mathematics
