

Year 11 Parent Bulletin

Monday 8th December 2025

Dear all,

We are incredibly proud of how our students have approached their recent PPEs. These exams are an important milestone: they not only celebrate what students have already achieved, they also provide a true test run of what the busy exam season will feel like in the summer. Sitting a full set of assessments helps students understand the value of thorough preparation and revision, and it gives teachers a clear picture of the areas where students are already confident and where further support is still needed.

Over the next few weeks, students will have vital opportunities to reflect on their progress and build on the feedback they receive. Teachers will be revisiting key content, addressing misconceptions, and strengthening the foundations that will carry students into their final exams. Being in school every day during this period is essential so that no student misses these valuable learning and re-teaching opportunities.

Alongside the academic focus, this is also a wonderfully festive time in school. We have many events and activities planned that bring our whole community together, and for our Year 11s, it will be their last Christmas with us. We look forward to celebrating their hard work and achievements as Team Poltair!

Save the date - exciting news - we have 'launched' prom with our Year 11 students. This year's prom will be held on Friday 19th June 2026 at the Alverton Hotel in Truro. Full details have been emailed out via a Prom letter – staff and students are excited already!

Miss Dingwall
Head of Year 11

Message from Miss Roberts

A huge well done to Y11 for the ways in which they conducted themselves throughout the PPE period. They battled in through snowstorms and kept smiling to their very last exam- we are incredibly proud of them.

Students will receive their PPE results during a specialised tutor period on Tuesday 6th January and will be shared with you via email on the same day.

This will also be the day when we open the booking system for Y11 progress evening, which takes place on Thursday 15th January. This will be a really important evening for our students- to receive personalised feedback and information with regards to their next steps and the ways in which they can be supported from home. We strongly encourage you to attend. There will also be an opportunity to talk with local colleges and post-16 providers at the event. We look forward to welcoming you.

Miss Roberts
Assistant Headteacher
