Brainstorm.

Take the title and create a brainstorm across a double page. This can include images and drawings. The more detailed you make this the more refined your idea will be.

Brainstorm &
Artist Research
complete. 28th
February 2020.

Artist Research.

There will be 5 named artists, craftspeople or designers in the question. Look at the work of all 5 then select the three that you like the most. Produce a double page spread on each artist. Think about the presentation and most importantly include your written opinion and a copy of their work.

Artist Research.

You will have selected your idea and will now need to find an artist, craftsperson or designer that links to your work. Do a double page spread on them. Write and tell me why you have selected them and how they relate to your work.

Resource Material.

Collect resource materials that links to your ideas. This can be collaged images and information from newspapers and magazine, photographs and drawings. It should be a mixture of all of these and it should be annotated telling me why you have chosen this and how it relates to the question.

Ideas.

Your ideas will have started to grow and develop from the moment you selected a question. Now you must evidence these ideas. You can do this by writing about them, drawing them or using collage.

Development of Ideas & Contextualisation.

You are now ready to refine your ideas. You might do this through drawing or writing. It is at this point that you must include a contextualisation link if you have not already done so. Split the page into 4 and sketch 4 different ideas, annotate and colour.

Development &
Contextualisation
13th March

Experimentation of Materials.

You will have started this when you initially recorded your ideas, however you should be ready to select one idea, draw it onto A4, split in half and experiment with two different materials such as acrylic and watercolour. Write and say which you prefer and why. How does it relate to your artist? If you are doing 3D you will create small versions of the ceramic piece or samples of the textile piece.

Experimentation.
20th March 2020.

Final Composition / Idea.

You will know from your idea development what you want to do as the final outcome / piece. If it is a painting draw the final composition onto A4 and paint it as a mini version of what you will do in the exam. If it is 3D make a smaller model. You are showing the examiner your intentions.
