Dear Parents and Carers,

The Easter holidays are going to be a strange time this year with continued restrictions and most of us needing to stay at home. As teaching and learning lead I want parents/carers and students to still have an opportunity if they wish to do so, to take part in activities linked to the curriculum that will keep them engaged in learning over the Easter break. Staff at Poltair have created some Easter Challenges that your child may want to take part in. There are a range of challenges and ideas and links to websites that may be of use. Why not break up their day by suggesting doing some of these challenges – some of them might even be things you would like to do together?

If students want to show off their creations/hard work/projects they can attach a photo and send it to [swalker@poltair.cornwall.sch.uk](mailto:swalker@poltair.cornwall.sch.uk) or alternatively the member of staff who has set the challenge.

There is no necessity for students to take part but prizes/rewards/house points and more will be awarded for the best project work. Also, where a student is contributing on a website/pinterest I will check with the departments who will be awarded prizes from these areas.

I hope that the Easter break allows you all a well-earned rest and that you and your children stay safe and well. I am hoping that some will take the opportunity to challenge themselves and we will see students' talents emerge in a whole range of ways whilst they are staying at home.

Yours sincerely

Sophie Walker  
Assistant Headteacher(Teaching & Learning)
