

believe & achieve

28th August 2020

Dear Parents and Carers,

I am delighted to introduce myself to you as the new Head of Poltair School in what are unusual and challenging circumstances for us all. The senior team, site team and cleaning personnel have been working extremely hard over the last week to get the school ready for reopening.

I am very aware that many of you will be anxious about the return, and I hope that the enclosed booklet will address some of your concerns.

I hope that your children are well and looking forward to the return to school. The past few months have been a testing time for all of us, and there will, of course, be challenges ahead as we navigate through both the government guidance and the national response to the pandemic. Still, I firmly believe that to give your child the best start in their future, they need to be in school.

The safety of your children is our highest priority, and I am confident that the plans we have put in place are robustly designed to limit the children's exposure to harm. However, there are several ways that you can support both the school and your child in the reopening. The details of these measures are within the enclosed guidance.

Poltair is a school that has many strengths, and from my visits, I have learned a great deal about the challenges that it has faced. I am looking forward to getting to know your children and meeting you when the opportunity arises.

Kind regards

Mark Everett
Head of School
